

RELIEF MEASURES

About six lakh people have been displaced due to the floods in Kerala. Relief measures are being undertaken on a war-footing in over 3,000 relief camps set up across the state.

Houses, roads and electricity lines have suffered extensive damage.

During the flood government has taken several measures to help the victims. Central government provided rescue team including the army with helicopters. By coordinating with the plans of central govt and state govt kerala state passed a great disaster. Several relief teams were formed across the state in order to help the victims. They provided food, shelter etc to the people.
