

# MY VIEWS

The flood victims might lose everything they have: their homes, their jobs, even their loved ones. Whether it's donating a rupee or volunteering to rebuild damaged houses, there are a several ways to lend a helping hand to those in need.

- MAKING MONATORY DONATIONS- We can donate money to the flood victims so they can re-build their life.
- DONATING GOODS-We can donate good things to the flood victims.Never donate used or old items to them.
- BECOMING A VOLUNTEER- We can help our state by becoming a volunteer.By volunteering we can provide food and items obtained from other sources to the victims. We can help them fo cleaning their houses.shops and roads.
- OFFERING OTHER KINDS OF SUPPORT
  - Offering shelter
  - Offering spiritual support
  - Offering emotional support
